Airbnb impact?

- Positivo
- Negativo
- Non so
- Sia positivo che negativo

Some opinions:

“Positivo perché è un motore di ricerca internazionale, usato molto anche dagli stranieri ed economico per i gestori. Negativo perché non c'è una selezione delle strutture e a volte vengono inserite attività non regolari”

“È un'invenzione geniale e lavoriamo molto con Airbnb ma purtroppo tanti lo utilizzano in maniera illecita senza dichiarare gli alloggi, senza aprire l'attività ricettiva con appropriata documentazione. Airbnb non la pretende e molti ne approfittano andando a creare una forte concorrenza a chi invece lavora onestamente”

“Gli ospiti di Airbnb sono comunicativi e disponibili e disponibili al confronto. Gradiscono informazioni sull'aspetto culturale del territorio ed in merito alla gastronomia.”

“Il centro storico si svuota di abitanti per lasciare posto a case da affittare”

 - to write directly to the host
 - to reserve through Booking (maybe adding a Booking button)
- Storytelling
- Keeping the same brand on different platforms to enhance the brand
- Being in regular contact with the VisitBergamo Association and the events of the city
- Making the website more visible
